A Little Background on the SBA 504 Program:
- Small businesses have long been recognized as the backbone of the American economy. To support small businesses and to strengthen the economy, Congress created the U.S. Small Business Administration (SBA) in 1953 to provide a range of services to small businesses including financing. In 1958, Congress passed the Small Business Investment Act which established what is known today as the Certified Development Company Economic Development Loan Program, or the SBA 504 Loan.

The SBA 504 Program Provides an Ideal Financing Option for:
- Commercial/Industrial/Office/Retail property acquisitions where banks typically require a higher down payment, including Special-Use properties such as hotels, car washes and gas stations
- Purchase of capital equipment, including heavy machinery
- Customers that are seeking lower down payments in order to preserve cash for working capital, business acquisition, etc.
- Customers that are seeking to lock in a portion of their financing at a below-market, fixed rate for 20 years

Eligible Borrowers:
- For-Profit businesses
- Business Tangible Net Worth not to exceed $15.0 million; Net Profit not to exceed $5.0 million based on two year average
- 51% occupancy for acquisition of existing real estate; 60% occupancy for new construction
